Subject: Research Roundup March 2013

Hello Research Supporter

As you know each month we compile some of our tweets about research as well as research news updates from our website.

On our website

- Talking therapy may help manage impulsive and compulsive behaviour in Parkinson's
<http://bit.ly/12cXKJu>
- Why all clinical trial results must be published <http://bit.ly/13kHSji>
- Volunteer for Parkinson's UK at the World Parkinson Congress 2013 in Canada
<http://bit.ly/ZrMHdQ>
- Deep brain stimulation may be helpful in the earlier stages of Parkinson's
<http://bit.ly/Y90zCR>

Upcoming events

- We have a number of exciting research events for members coming up in, Leicester, Derby, Cambridge and Leeds. Find out more on our research events page
www.parkinsons.org.uk/researchevents
- Get ready for Parkinson's Awareness Week, 15-21 April! Read more at
<http://bit.ly/bwuDOL>

Want to get involved?

- Sign the 'All Trials' petition, campaigning for the publication of all clinical trial results-
<http://www.alltrials.net/>
- We're working to improve how Parkinson's UK and DeNDRoN (an NHS network promoting clinical trials) work together. If you're involved with DeNDRoN in your region we'd love to hear from you. Email us at rsn@parkinsons.org.uk

- Find out how you can help the National Institute for Health Research shape clinical research - <http://bit.ly/Ww5dvp>

Also in the news

- BBC News: Drug firm Roche, producers of Parkinson's medication Madopar, pledge greater access to clinical trials data - <http://bbc.in/13fDgQ5>
- BBC News: Bad sleep 'dramatically' alters body - <http://bbc.in/ZF8TBo>
- Southampton researchers uncover a new avenue for potential treatments that target inflammation in the brain - <http://bit.ly/YUJ4sg>
- BBC News: Falling drug breakthroughs 'a myth' - <http://bbc.in/YI69Nu>
- Parkinson's protein alpha-synuclein disrupts recycling inside nerve cells, according to new research - <http://bit.ly/14Ws5dd>
- Science Daily: Good mood helps boost brain power in older adults - <http://bit.ly/Vv7vwe>
- New Scientist magazine: why we're building a \$1 billion model of the human brain - <http://bit.ly/155tgYG>

I hope you find this interesting and useful.

With best wishes,

Hannah Churchill
