Hello research supporter

As you know each month we compile some of our tweets about research as well as research news updates from our website. I hope you find it interesting.

## Our website

- New drug for hallucinations and delusions in Parkinson's - <http://bit.ly/1aM6l61>
- Dr Kieran Breen's research round up from WPC - <http://bit.ly/19WEPnF>
- New chemical identified which could stop conditions like Parkinson's - <http://bit.ly/15qcMvj>
- People with Parkinson's needed for GDNF clinical trial - <http://bit.ly/1alrUda>

## Our take on the latest research policy news

The Government has been discussing research policy issues that may affect people with Parkinson's, including the use of patient data, the role of animal research, and access to new treatments - [bit.ly/19iZwKG](http://bit.ly/19iZwKG)

## Get involved

- **'Should I take part in clinical trials?'** - join the debate and share your views on our online forum - <http://bit.ly/19aIG05>

## Also in the news

- Almost a third of large clinical trials in the US still not published five years after being finished, scientists write in BMJ - <http://bit.ly/1ged52i>
- BBC News: Gardening and other activities linked to a longer life in a study of people over the age of 60 - <http://bbc.in/1gbNcQM>
- Parkinson's pen marks earlier diagnoses for North Tyneside Hospital - [bit.ly/1aSVsOi](http://bit.ly/1aSVsOi)
- NHS England sending care.data leaflets to all homes with information on how data will be used to improve patient care - <http://bit.ly/19OMW1E>
- Scientists discover DNA body clock - <http://bit.ly/1723O8E>

With best wishes,

Hannah
